EXISTING GAS MAINS

1) The information is believed to be correct and is given without any liability for error, misstatement or omission thereon.
 2) There may be deviations from the drawings and there shall be no liability for any error or omission thereon.
 You are advised to do your own check and verify the location of the gas main and services before commencing any work.
 3) For all gas work, you are not allowed to carry out any full scale or repair the pipes. Please refer to 'Notes for Working Near PowerCuts / Transmission Pipeline'.
 4) A report must be submitted to Sarawak Electricity, upon completion of any gas work or gas pipe and services of which we have records.
